

Samsung Printer *Xpress* M2020W

Samsung Multifunction *Xpress* M2070FW

MONO LASER PRINTERS DELIVERING SPEED AND MOBILE CAPABILITY

THE PRINTERS DESIGNED FOR YOUR HIGHEST PRIORITY: YOU.

We want to see you succeed in everything you do. And that's exactly what inspired us to design the Samsung Xpress M2020W and M2070FW. Because few things are as valuable as your time, you'll enjoy fast print speeds up to 21 ppm. The NFC technology makes printing wirelessly from a mobile device a breeze. Just tapping your smartphone is all it takes. Our innovative imaging technology means you'll always project a professional image, and Samsung's Easy Eco Driver helps you save up to 20% on toner. And to keep pace with your cutting-edge mobile lifestyle, the printers link seamlessly with a range of mobile devices. So you stay productive (and highly successful) wherever work happens to take you.

KEY FEATURES

Get Print on Tap

Near Field Communication (NFC) printing is a wireless sharing technology that enables your mobile device to connect and communicate with your printer. Simply tap your phone or tablet to your multifunction printer, and print.

Google Cloud Print Ready

Google Cloud Print works on smartphones, tablets, PCs, notebooks, Google Chromebooks and other web-connected devices. Once enabled, you can print from anywhere in the world with an Internet connection.

4-in-1 Multifunction Versatility

The Samsung M2070FW is an all-in-one (AIO) device that lets you print, copy, scan and fax documents quickly and easily. Get ready to experience a whole new level of efficiency.

Professional Image Quality

Samsung's ReCP technology improves readability of printed and scanned documents by enhancing thin lines and sharpening edges. You get sharp, solid prints with an effective resolution of up to 1200 x 1200 dpi.

Fast Print Speeds

The faster your printer, the faster your workflow. You'll print up to 21 pages per minute, so you can focus on working rather than waiting.

Compact, Ergonomic Design

The printers' small footprints mean they'll never crowd your space. And the two-tone color design is well suited for today's modern office settings.
